

A Taste of Tonga: Pop-up Dining Experience

AUTHENTIC TRADITIONAL TONGAN FOOD AND CULTUREEXPERIENCE

Shayde, and 'Aneti

A Taste of Tonga:

> A Taste of Tonga is our idea of bringing an exciting authentic Tongan experience to our customer's stomachs! As a pop-up dining event, in partnership with PCC, we are bringing a slice of the life in Tonga to the people! But only for a short special time. This experience is for all who want to further explore the islands of Tonga whether it be family, friends, or the local community!

What makes us unique:

- For those who want, special VIP seats viewing exactly how their food is made + interactivity
- The Tongan Humor: while your food is being made enjoy what our presiding Tongan says

The Menu

'Ota Ika

raw fish marinated in citrus juice, typically lemon or lime, and coconut milk

Lu Pulu

Taro leaves, with beef meat, onion and coconut milk

Puaka Tunu

Rosted pig

Faikakai

a Tongan dessert featuring soft dumplings in a sweet coconut syrup

Profitability

Cost Control

In order for us to keep our expenses low, we will utilize the community and source locally if possible. This way we are able to keep the quality and authenticity high.

Location / Venue

In alignment with keeping costs lower we decided that starting a pop up event at the PCC would be mutually beneficial. More Authentic Tongan culture, and our Dining event having easy access to customers seeking this experience.

Revenue Generation

Our main competitors will be those food trucks, QSRs. As such research into how much those food QSRs can make will determine our plans

Pricing Strategies

As we are selling not just a meal, but also an experience, our pricing will be even with those surrounding us so that we can compete with their prices. As an additional strategy we will sell 2 types of tickets, an exclusive close up with the chefs, and the regular dining.

Marketing

Local Community

Near in location

Elevated Home style food

An equal chance for all to experience Tonga

PCC Tourists

Already at PCC; in their path

Already on an experience of culture

More suceptible to our product
